Accessing your AVD Cloud Workspace from a Mac device

Jason Molaison - 2024-11-11 - General Support

The below steps will guide you through the setup of your AVD Cloud Workspace on a Mac device.

Step1: Installing and configuring the needed software on your device

- Go to the App Store or use the link below to download the "Windows App".

  Microsoft Windows App for Mac

- Once installed, launch the Windows App application.

- respond to any prompts to allow the system to access your devices.

- Click the plus sign in the upper right corner, then Add Work Account.

Step2: Authenticating to your AVD Workspace

- On the next page you should be prompted to enter your Microsoft username and password, as well as your Authenticator code.

- Once you have successfully authenticated, you will presented with the available Cloud resources to launch.
